Objective

Use programming fundamentals gained in school and a youthful outlook to bring fresh perspectives to complex problem solving within a dynamic team setting. As a woman passionate about tech, I strive to work for a company that values diversity and work empowerment.

Education

- University of California, Santa Cruz - Present
- Technology Information Management Major // Global Economics Major | June 2022
- Overall GPA 3.58 | Dean's List (Spring 2020, Fall 2019)
- Relevant Courses taken Java, C++, Python, Data Structures, Assembly, Discrete Math, Probability Theory, Object-Oriented Programming

Experience

Fall 2018 – Winter 2020

Artist & Barista | Global Village Cafe | Santa Cruz, CA | Manager: Caio Morales (831) 420 7047

- Worked on a diverse and hard-working team handling orders and cash at fast-paced cafe, totaling \$5,000 dollars in sales a day
- Created intricate drawn signs and helped decide on new product names and their visual marketing presence to customers.

Projects

- Built my own personal website using CSS/Javascript/HTML
- Built simple algorithms to search for prime numbers in arrays to display recursion, memory allocation, and time/space complexity (C++) [link here](#)

Other Skills

- Mandarin Chinese (Limited working Proficiency)
- Japanese (Professional working Proficiency)
